WHY PARTNER WITH STARFELT CARE

You deliver the
specialist programme.
We build and manage the
placement around it.

Your expertise becomes part of a supported placement,
not just a standalone session.

When the session alone isn't enough.

A great programme can teach a skill.

A well-supported placement can change what a young person believes is possible.

Their needs do not begin when the session starts, or end when it finishes. Starfelt Care builds the support around the programme — engagement, mentoring, pastoral support, opportunities and progression.

Your expertise becomes part of a supported placement,
not just a standalone session.

Build with us. Or work alongside us.

01

BUILD WITH US

For specialist organisations with expertise or facilities but no Alternative Provision offer.

We build and manage the provision around what you already do well — referrals, placements, safeguarding, mentoring and progression.

You focus on what you are excellent at. We manage the placement around it.

02

WORK ALONGSIDE US

For organisations already delivering Alternative Provision.

We do not replace your provision. We strengthen the placement around it — mentoring, pastoral support, engagement and progression planning.
